

How to set up using Google Classroom:

- Go to google.com
- Select “sign in”.
- Login with your child’s assigned email and password.
The system will prompt you to change the password (please share this with your child’s teacher for future school use).
- Once signed into Google, click on the nine dotted icon in the upper right hand corner → a box will drop down and give multiple icons to pick from → click on the icon that says “classroom”.
- **A box will appear asking if this account is for a student or teacher, select student.**
- You should now be in Google Classroom, but are not yet in any classes.
- In the upper right hand corner, click the plus sign icon and select “join class”.
- It will ask you for a code. Please enter the code given by your child’s teacher to add them into the appropriate class.
- Some classes have issued more than one code.
In order to add more classes, click on the icon with 3 lines in the upper left hand corner, select “classes”. You will see your child’s class smaller on the screen, and you will now have the plus sign icon available again in the upper right hand corner. Click on the plus sign icon again to join another class.
- Redo this process until your child is added to all necessary classes.
- You are now set up in Google Classroom.

Please login as your child, or have them login (if able), to check for videos, suggestions, and work from your child’s teacher.

See the screenshots below.

Step ONE

Sign in

Use your Google Account

Email or phone 

[Forgot email?](#)

Not your computer? Use Private Browsing windows to sign in. [Learn more](#)

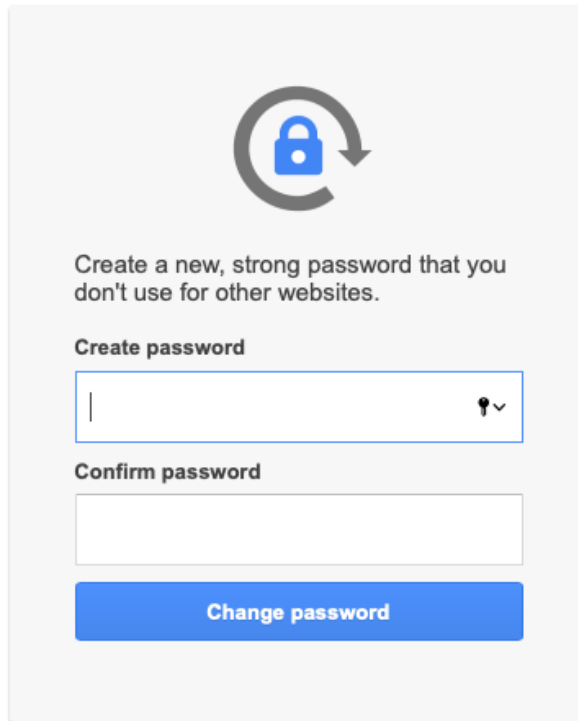

[Create account](#)

Change password for teststudent@alexanderelementary.org

[Learn more about choosing a smart password](#)

STEP TWO

The form features a blue padlock icon with a circular arrow around it. Below the icon, the text reads: "Create a new, strong password that you don't use for other websites." There are two input fields: "Create password" and "Confirm password". The "Create password" field has a key icon and a checkmark. At the bottom is a blue button labeled "Change password".
