

Concussions

Any student suspected of having sustained a concussion or other head injury during a school-sponsored athletic activity including but not limited to competition, practice or scrimmage, must be removed from the activity immediately. The student and his/her parent(s) will be informed of the need for an evaluation for brain injury before the student will be allowed to return to the activity.

No student will be permitted to return to the activity or to participate in any other school-sponsored athletic activity on the day of the suspected concussion.

Any student who is suspected of having sustained a concussion or other head injury shall be prohibited from further participation in school-sponsored athletic activities until he/she has been evaluated and received written medical clearance to do so from a licensed health care provider who is qualified and trained in concussion management.
